

Australian Masters Ultra Walking Records

Compiled and Ratified by Australian Centurion Walkers Inc.
Last Updated 30 April 2026

Australian Centurion Walkers Inc. is the body that controls ultra distance walking in Australia and administers the Records component of this unique sport.

The inaugural Australian Distance Track Walking Records were compiled from data provided from the Australian Centurion Walkers Record Book, the Ultra Runners Magazine and other verifiable sources. This initial list was published in July 2004.

Until February 2019, only Track performances were eligible for submissions as records. Road and/or solo performances were ineligible. In February 2019, the Centurions AGM agreed to the following change in rules:

*Only track based performances will be considered for all records up to and including 24 Hours and 100 Miles (ie 6H, 12H, 24H, 50M, 100M, 100km).
Both track and road based performances will be considered for all multi-day distance and time related records (ie 200km, 500km, 2 Day, 6 Day).
Both Track and Road performances in excess of 24 Hours are to be subject to Committee review.*

This reflects the fact that multi-day opportunities are few and far between and are often road based.

In February 2025, the Centurions AGM agreed to the following change in rules:

Both track and road based performances will be considered for all Australian Centurion distance and time related records (ie 50M, 100km, 100M, 200km, 500km, 6H, 12H, 24H, 2 Days, 6 Days.).

These changes are not retrospective.

Thus our only requirements now are that the performance be done in a ratified course under sanctioned competition and that the performance can be ratified.

Obviously the usual caveats will still apply - we would need to be warned in advance, and the granting of any record would remain dependant on our ability to view the performance ourselves or obtain verification by suitably trustworthy people (eg event managers, etc).

If you are attempting a record, it is wise to advise the Race Director so that the appropriate measures can be taken, especially in the case of 50 Miles, 100 Miles, 12 Hours, 24 Hours and 48 Hours. These standards do not fall at the exact end of a 400 lap so must be separately measured and verified.

All new record submissions should be forwarded to
Australian Centurions Records Officer: Tim Erickson, 1 Avoca Cres, Pascoe Vale, VIC, 3044 (terick@melbpc.org.au)

The following must be forwarded along with any claim for a new record: Full Race Results, Official Lap Sheets signed by the Race Director and a copy of your Birth Certificate.
